about the event

AES Nashville Live Sound Training is an unique opportunity to learn about all aspects of Live Audio directly from the top engineers, manufacturers and other industry experts. From Microphones, RF, Consoles, Plug-ins and Networking all the way to Processors, Amplifiers and Loudspeakers deployment, tuning and control software. This event will offer 70+ engaging, concise, and focused sessions to get you from whatever level you are at to wherever you want to be. Enjoy Sessions, Panels, Exhibits, hands-on demos, Training and Networking with industry professionals.

Sponsors & Exhibitors benefit from a comprehensive training schedule, designed to attract more attendees focused on live audio, with more opportunities to network throughout the event.

Proceeds will help fund the activities and operation of the AES Nashville Section – donations welcome.
